

St. Monica School
Summer Reading

Students Entering Grade 2 in September, 2024

Required Reading:

The Original “Flat Stanley” by: Jeff Brown

This story is about an ordinary boy with an extraordinary problem.

Assignment 1:

Create your own “Flat Stanley”. Since Stanley is flat, take him with you on vacation, to camp or any special adventure you enjoy over the summer.

- cut out paper doll (attached)
- complete enclosed book report (bookworm worksheet) on book “Flat Stanley”
DO NOT DO BOOK REPORT ON ANY OTHER BOOK!!!!
- keep a “Suitcase Journal” on three (3) of adventures with Stanley. If you are not traveling this summer, you may send him to visit relatives and friends, or he can travel with them. Just make sure they keep track of his travels for your assignment. We will check for spelling and punctuation.
- take some of pictures to put in his suitcase journal
- **Make it colorful!! Color all pages!!**
- be prepared to present your Stanley doll and suitcase journal the first week of school. This will be your first writing and oral reading grade of Second Grade.
- have fun and “Be Creative”!!

*My Adventures with
Flat Stanley*

By: _____

Handwriting practice sheet with multiple sets of lines. Each set consists of a solid top line, a dashed middle line, and a solid bottom line. The sheet is designed for practicing letter formation and alignment.

A large, vertically oriented rectangular area with rounded corners, designed for handwriting practice. It contains ten sets of horizontal lines. Each set consists of a solid top line, a dashed middle line, and a solid bottom line. On the right side of the page, there is a large, stylized outline of a letter 'E' that serves as a handle for the page.

A large, vertically oriented rectangular area with rounded corners, designed for handwriting practice. It features a series of horizontal lines: a solid top line, a dashed midline, and a solid bottom line. This pattern repeats down the page. On the right side of the page, there is a large, stylized outline of a handle or a piece of equipment, consisting of a vertical bar with a rectangular cutout in the middle and rounded ends.

Math Summer Packet

Hello parents of (now) 2nd graders.

Your first graders were taught how to do the following skills. It will be super important for your child to practice these skills over the summer to be ready to meet the challenges of 2nd grade.

At this point, your student should know how to:

Identify numbers 1-100

Add and subtract using mental math through 12

Identify odd/even numbers

Identify tens/ones

State numbers before/after (one more/one fewer), ten more/ten less

Count by 10's, 5's, and 2's.

Fact Families Ex: $10 - 2 = 8$, $8 + 2 = 10$, $2 + 8 = 10$, $10 - 8 = 2$

Recite doubles facts up to 12 + 12 (1 + 1, 2 + 2, 3 + 3, etc.)

Use and read Greater than/ Less than or equal to, $>$, $<$, $=$

Tell time to the half hour

Identify coins and their values

Attached you will find a few worksheets for your child to do over the summer to keep their skills sharp. Math practice should not be limited to this required work.

Have fun this summer and try to incorporate math practice into your day.

For Ex: While driving down I-95 ask if 95 is odd or even? What is 1 more, 1 less, 10 more and 10 less than 95?
